Website Accessibility

Website: https://camishaskinviolin.com

I strive to improve the **accessibility and usability** of the Cami Shaskin Violin Studio website. **Subtitle options are available for all Mentoring with Miss Cami videos** to help make video content accessible to visitors who are hearing-impaired. I recognize that some features of this website may present challenges for certain users. If you encounter difficulty accessing content or using a website feature, please contact me so I can consider ways to improve your experience.
